Clinical Working Time

Dr.  will provide  non GPEW premium eligible hours and  GPEW premium eligible hours of direct and indirect clinical services over the course of  weeks per year in accordance with the terms of this Contract. This amounts to  hours of clinical work per week. The LFM funding model is a funding modality based on 46 weeks of contracted time per annum. Only in rare circumstances will prescheduled clinical needs of the health system allow for less than 46 weeks per year and only upon approval of all contract signatories. Planned direct clinical service hours is scheduled time for appointments. GPEW Billing rules apply. Indirect patient care hours are not billable as premium time unless the after-hours work includes scheduled time for appointments.

## Clinical Support Services

Clinical support services are services which are not patient specific but provide benefit to the patient population and health system. The LFM model remunerates physicians for clinical support services at 10% of the planned clinical hours. For the planned  clinical hours, this equates to  per annum, or  per week.

## Sample Practice Schedule

The planned schedule for the practice will be as follows:

	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Total hours
Morning 6 am - 8 am								
Morning 8 am - 1 pm								
Afternoon 1 pm - 5 pm								
Evening 5 pm - 10 pm								
Subtotals								
Hours left to fill in								

From time to time, minor adjustments to the physician’s weekly schedule may occur.

If no evening hours listed, the Physician will aim to provide after hours community support in the following ways:

Other

### Details

The Physician will ensure urgent and same day access using the following strategies:

The Physician delivers comprehensive and longitudinal family medicine to practice patients of all ages and stages of health or illness, within their scope of practice and competency, as outlined by the College of Physicians and Surgeons of Nova Scotia. The Physician performs all elements of direct and indirect patient care, e.g. office based visits, managing speciality consults and reviewing lab/test results, related to meeting the needs of practice patients as part of a broader network of community partners.
